“The Family Fully Alive”

OCTOBER – NOVEMBER “HOMEWORK”!!

Although October has passed, we can still do the Family Project and extend it to November!

Sit down as a family and make a family tree. Share your tree with relatives that are still alive. Enjoy time or phone conversations together and reminisce about past events, activities and especially the values of life you learned from them; or send them a card.

During November, revisit your family tree and note those that have died. As a family, visit their grave and pray for them. During the family Thanksgiving Dinner, recall your family tree, reminisce and pray for those not able to attend or have died.
