Religious Education

Today's Gospel tells us many things about Jesus. The disciples that Jesus brought to the wedding did not know him very well; they had just begun to follow him. This was the very first time Jesus just

starts preaching and teaching.

Jesus performed his first miracles, by changing water into the best wine for the wedding. That Jesus loved and respected his mother Mary and he did more than what she asked him to do. Mary trusted Jesus, she saw what people needed and told him. Mary knew he could help. Jesus is teaching that God will respond to our needs and the needs of the world. We just need to have faith and believe in him.

This week: Can you think of some needs of others you can ask Jesus to help with?
